

VENETIAN LIME PLASTER

LimeStucco

Forty-two lime shades.

Color is worked into the plaster itself with mineral pigments — a soft, earthy palette, with an unlimited range on request.

FINISHES

Matt or polished.

The same lime reads two ways — a soft, natural mineral matt, or burnished to a smooth, marble-like Venetian sheen.

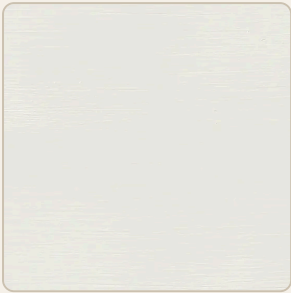

Mineral

A soft, natural mineral matt surface — the characteristic bare look of lime.

Polished

Waxed and burnished to a smooth, marble-like sheen; ideal for classic estuco veneciano.
